**Before handing in work this front sheet should be fully completed and work will not be accepted without it. You should ensure your assignment is suitably presented and that you attempt to show all your references and sources of information used.**

St George's Academy

## **Transition work task**

### **BTEC Level 3 Applied Science**

For your enrolment onto the Applied Science course, we require you to complete and submit a piece of work, which will help get you in the routine for assignment work in September and may also help us plan for any support needs you require in terms of assignment work structure.

You need to choose only **ONE** of the following options to base your work on:

- i) Report on modern scientific technology that is in development or currently in use to help with medical diagnosis/therapies
- ii) Report into the measures that science is currently taking to address sustainable development
- iii) Report on the ethical and moral issues involved with cannabis use for medicinal purposes

The piece of work submitted must have the following criteria:

- 1) Be hand written **ONLY** and not word processed
- 2) Must include work that uses at least **FIVE** different reference sources that may include internet, books, journals, newspapers etc.
- 3) We encourage the use of tables, diagrams, statistics, pictures etc. to support your work
- 4) Be within **800-1000** words in length

**Submission Date**

September 2017  
prior to the start date  
of your Applied Science  
course of study
