

AS Fine Art holiday activity 2017

Please complete all 3 activities

1. Create work which use the start point “holiday” or “journey”

Explore and create a series of 6 hand made pieces from the theme of “Summer 2017”. You can make work as individual pieces or a series and you are free to interpret the theme as you wish, but you are advised to base this on an experience locally or far away.

Many artists will explore ways in which to record their intimate and personal experiences, reflections or memories in a travel journal or pages in a sketchbook, whilst others create work that is inspired by a particular view or image of a location. You may use photography to base your hand made artwork.

2. Read about Art and what is happening in the Art world. Favourite or bookmark these pages and visit the site at least once a week to find out about the latest Art news:

<https://www.theguardian.com/artanddesign>

3. Visit a local, national or international Art gallery and write a short review, to be handed in when you start back, of the exhibition. Try and use your own words and include any critical references from what you read about the show.

Please read some examples from the guardian website link above or newspapers, and use them as a base for your review.

When you start in September you will present your work to your tutors on the first lesson.
