

# AS Photography Holiday Activity 2017

1. You are to create a series of photographs that explore the theme of 'Journey'. The photographs should explore a range of areas within the theme of Journey such as composition, angle, subject and lighting. Your photographs can be collated in a sketchbook or journal.
2. Read about Photography and what is happening in the world of technology and lens based media. Visiting this website weekly would be a good place to start:  
<https://www.theguardian.com/artanddesign>
3. Visit a local, national or international Art gallery and write a short review, to be handed in when you start back, of the exhibition. Try and use your own words and include any critical references from what you read about the show.

When you start in September you will present your work to your tutors on the **first** lesson.

**Please bring what you have created to the first lesson back in the new term so your teachers can view what you have done.**
